The Pollet Group

We have the experience

Since 1969

The Pollet Group is active in a range of different fields and owns companies in many countries across Europe and the Middle East.

With over 40 year's experience, we know how to satisfy our customers needs all over the world. Our programme of continuous expansion, together with the recruitment of talented people, means that The Pollet Group is without doubt the answer to the majority of your needs.

- **President Jacques Pollet**
- Founded in 1969
- over 40 companies
- over 200 million Euro turnover
- over 500 employees
- 200 000 m² property

The Pollet Group is a family owned business, Mr and Mrs Pollet founded the company in 1969, starting in the supermarket business.

In 1992 they entered the Water Treatment market with the acquisition of Euraqua Europe and quickly expanded in this important sector. The Pollet Water Group now has 15 companies in 8 different countries.

Following the expansion in Water Treatment, the Pollet Pool Group was formed in 2004 and has 7 active companies.

The coordination centre and headquarters are located in Koekelare, Belgium and the distribution centre in Waregem, Belgium.

Pollet Water Group

We have the experience

Since 1992

- **General Manager Eddy Albrecht**
- **Vice-President Sofie Pollet**
- **Procurement Manager Yves-Marie Chapt**

With over 30 years of experience in the industry, the Pollet Water Group has been supplying both components and complete systems to companies specialising in the field of water treatment throughout Europe, Africa and the Middle East.

PWG has an extensive stock-holding and an experienced Sales Team that can offer an accurate and reliable service from initial quotation through to delivery together with all the necessary technical support and after sales services.

Years of experience have led to a range of products which offer a solution to every problem in connection with water treatment.

The range of products offers a wide variety of components, exclusive products, complete standard domestic and industrial installations as well as made to measure equipment.

PWG sells its quality products only to professionals. A large stock of components and spare parts allow the Pollet Water Group to fulfil customer demands promptly.

In 1992, the Pollet family started in the water treatment business, with the acquisition of a first company in Belgium : EURAQUA EUROPE (founded in 1975).

Later acquisitions and start-ups of the Pollet Water Group:

1992 : EURAQUA FRANCE (France) - Merged with EWT in 2001

1995 : KENNET WATER COMPONENTS (United Kingdom)

1998 : MICRON (Belgium)

2000 : SUKO (Belgium)

2000 : WYCOMBE WATER (United Kingdom)

2000 : EWT (France)

2001 : OMNISOL (Spain) - merged with INSA in 2008 : INSOL

2002 : INSA (Spain) - merged with OMINISOL in 2008 : INSOL

2002 : PWG PORTUGAL (Portugal)

2003 : ESLI (Turkey)

2006 : PUROTECH (Ireland)

2006 : HERCO WASSERTECHNIK (Germany)

2007 : DELTA WATER ENGINEERING (Belgium)

2008 : INSOL (Spain)

2009 : DWA (Germany)

2010 : PURAGUA (Spain)

2011 : HYDRIS ENGINEERING (Belgium)
